

# Technical Data Sheet

NoMorePly® 50mm Fibre Cement Flooring Screw

## Product Overview

The NoMorePly® 50mm Fibre Cement Flooring Screw is a high-performance screw designed specifically for use with our 18&22mm STS NoMorePly TG4 Floorboard System. They are also great for use with any other fibre cement sheet material.

When installing our 18&22mm STS NoMorePly TG4 Floorboard System, it is important to ensure the screws used are flush, strong, and suitable for moisture, impact and as they are on a floor it is important that the thread holds tight in every joist and board.

**Product Name:** NoMorePly® 50mm Fibre Cement Flooring Screw
